For example, information may be shared in response to valid demands or requests from government authorities, courts and law enforcement officials in those countries. Subject to applicable laws in such other jurisdictions, we will use reasonable efforts to ensure that appropriate protections are in place to require our Third Parties to maintain protections on personal information that are equivalent to those that apply in Canada.

Links to Other Sites

Our Site may contain links to other sites that are independently owned and operated by third parties. These other sites may have their own privacy policies and are not governed by this Privacy Policy. We are not responsible for the privacy practices or the content of any sites owned and operated by any third parties. Other sites may collect and treat information collected differently, so we encourage you to carefully read and review the privacy policy of each site you visit.

Cookies, Web Beacons and Other Similar Technology

As you interact with this Site and Services, we may use automatic data collection technology and services that record and collect information that identifies your computer, tracks your use of this Site and Services and collects certain other information about you and your surfing habits. This data collection technology may include cookies, web beacons and other similar devices on this Site and Services to enhance functionality and navigation for our visitors.

A cookie is a small data file that is placed on the hard drive of your computer so that your computer will “remember” information when you visit a site. Web beacons and tags are small strings of code that are used in conjunction with a cookie and allow us to record activity on our Site. Internet tags, graphic tags and similar web beacon type functions allow us to count the number of users who have visited a particular web page or to access certain cookies. We may use web beacons on this Site to count users and to recognize users by accessing our cookies. Being able to access our cookies allows us to personalize this Site and improve your experience at our Site. We may also include web beacons in HTML-formatted email messages that we send to determine which email messages were opened. Information tracked through these mechanisms includes, but is not limited to: (i) your IP address; (ii) the type of web browser and operating system being used; (iii) the pages of the Site a user visits; and (iv) other sites a user visited before visiting our Site.

We may also employ cookies and action tags (also known as single pixel gifs or web beacons) to collect information about your use of, and activities on, our Site for our use but also for use by third parties that serve advertisements about taq on other sites you may visit. In addition to the information about your visits to our Site, Third Parties may also use the information about your visits to other sites to target advertisements for services available from taq.

You can set your internet browser up so that you are notified when cookies are stored, you can decide in each individual case whether you want to accept cookies, or you can refuse to accept any cookies. However, if you do not accept cookies, you may be restricted in how you are able to use our Site. You can delete cookies that are already stored on your hard disk at any time. You will find more details on how to do this in the operating guide for your Internet browser program.

As described above, you may be able to set your browser to refuse cookies. If you refuse cookies you may still receive online advertising, but it may be less personalized.

Third Party Analytics

Our Site uses third party analytics services such as Google Analytics, a web analytics service of Google. Google Analytics uses cookies to analyze how you use our Site. The information generated by the cookie about your use of our Site (including your IP address) is sent to a Google server in the U.S. and stored there. Google will use this information to evaluate your use of our Site, compile reports on Site activity for our Site operators and to provide other site activity related internet services. Additionally, Google may transfer this information to a third party when required by law or in the case of a third party processing information on Google's behalf. In no case will Google use your IP address in connection with any other information held by Google. You can set your internet browser to prohibit the installation of cookies, although we must point out that some features and functions of our Site will then be unusable. By using our Site, you consent to the processing of data about you collected by Google in the manner described and for the above-mentioned purpose. The consent for collection and

storage of data can be withdrawn at any time in the future by clicking on the following link: <https://tools.google.com/dlpage/gaoptout?hl=en>. Given the debate concerning the use of analytical tools using full IP addresses, we wish to point out that our Site uses the "Anonymize IP" function of Google Analytics that works with a shortened form of IP addresses to avoid direct personal identification.

We also use the cookies to carry out frequency assessments, page usage assessments and marketing assessments. For these assessments, we use this cookie information without a link to your personal information, so it is completely anonymous.

We maintain reasonable technical, physical and administrative security safeguards to protect your personal information against loss, theft, and unauthorized access. Any personal information that you provide to us is exchanged on a secured server. Unfortunately, no data transmission over the Internet can be guaranteed to be 100% secure. As a result, while we are committed to protecting your personal information, we cannot ensure or warrant the security of any information you provide to us.

We take reasonable steps to verify your identity before granting you access to your account on our Site, however, you are solely responsible for maintaining the secrecy of your username, password and any other account information. We also take reasonable steps to ensure that our employees are aware of the importance of maintaining the confidentiality of personal information and that unauthorized persons do not gain access to personal information that we have disposed of or destroyed
